

Pasture Fire on Bryant Ranch Burns 9 Hours, 160 Acres

Yorba Linda Star June 17 1938 page 1

A range land fire on the Rancho Santa Ana burned over approximately 160 acres Tuesday and was suppressed only after a nine-hour fight by the Yorba Linda and Orange crews of the State Forestry Service, a fire suppression crew from the C.C.C. camp at El Toro and from 30 to 40 ranch hands.

The fire started near the Santa Fe railway line in Ana canyon.

The Yorba Linda crew responded to the fire alarm at noon and did not get back to the station until after 9 P.M.
