### Instructions

1. Fill the tupperware or tin baking pan with cold water.
2. Pour a small amount of nail polish on the water. If you are using a second color, pour a small amount of the second color in as well.
3. Swirl the color(s) to create desired design using a toothpick.
4. Dip the mug straight down into the water and pull it right out.
5. Let mug dry for at least three to four hours.
6. *Optional:* Add a layer of dishwasher safe mod podge to make it safe to clean the mug in the dishwasher.
7. Enjoy!
